

PreMed 2008

Dear colleague,

We are pleased to announce that the first PreMed 2008 symposium will take place on Friday 6 and Saturday 7 June 2008 in Monza, near Milan (Italy). Organised by the University of Milan-Bicocca, the Genetica Molecolare Umana Consortium, and the European Labco network, PreMed 2008 this year will have the theme "The contribution of medical biology to preventive medicine". This event will bring together a number of colleagues and members of the profession, notably from France, Italy, Spain and Germany.

You will find on the overleaf the programme for the event, and below, the reply form to return for registration. For more information, do not hesitate to consult our web site: www.premed2008.eu, or to contact us at: info@premed2008.eu.

Genetica Molecolare Umana
